

CADD Office Standards

Text Style

These are the Text Styles used in the CADD lab, with description of their intended use.

Name	Intended use
N0	(special) notes, usually not used in drawings but provided to allow us to have a "smaller" text style.
N1	For notes and general text use.
N2	For titles and "heading" text.
DIM	For Dimensions, will be controlled by the Dim Styles settings.

Imperial settings:

Name	Font	Height	Width
DIM	RomanS	0	1.0
N0	RomanS	1/16"	1.0
N1	RomanS	1/8"	1.0
N2	RomanS	3/16"	1.0

Note: DIM has it's height set to 0 (zero) to allow the DIMSTYLE to adjust the height.

For METRIC drawings use these settings:

Name	Font	Height	Width
DIM	RomanS	0	1.0
N0	RomanS	2	1.0
N1	RomanS	3	1.0
N2	RomanS	5	1.0
